CITY OF BURNET

P.O. Box 1369 • 1001 Buchanan Drive, Suite 4 • Burnet, TX 78611 • (512) 756-6093

March 16, 2026

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Burnet, Texas:

The City Charter and state statutes require that the City of Burnet (the “City”) publish, at the close of each fiscal year, a complete set of financial statements presented in conformity with generally accepted accounting principles (“GAAP”) and audited in accordance with generally accepted auditing standards by a firm of licensed Certified Public Accountants. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of the City of Burnet, Texas, for the fiscal year ended September 30, 2025.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Jaynes, Reitmeier, Boyd & Therrell, P.C., Certified Public Accountants, has issued an unmodified (“clean”) opinion on the City of Burnet’s financial statements for the year ended September 30, 2025. The independent auditor’s report is located at the front of the financial section of this report.

Management’s discussion and analysis (“MD&A”) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the City

The City of Burnet, Texas, the county seat for Burnet County, is nestled in the heart of the Texas Hill Country surrounded by rolling hills, lakes, beautiful geological formations, and historical sites. The City was incorporated in 1883 and encompasses approximately 10 square miles and serves an estimated population of 7,100. The City was named for David Gouverneur Burnet, the first (provisional) president of the Republic of Texas. Among the many attractions in the Burnet area are the Highland Lakes, Longhorn Caverns, Inks Lake State Park, Spider Mountain Bike Park, the Highland Lakes Air Museum, the Texas Wine Trail, and Delaware Springs Golf Course.

The City of Burnet is a home-ruled city and operates under the council-manager form of government. The City Council is comprised of the Mayor and six council members, and is responsible for enacting ordinances, resolutions, and regulations governing the City, as well as for appointing the City Manager, Municipal Judge, and members of various statutory and advisory boards. The City Manager is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the City, and appointing heads of various departments. The Mayor and City Council members each serve two-year terms and are elected at large. The City of Burnet is empowered to levy a property tax on both real and personal properties located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing council.

The City provides a full range of services, including electric, water and wastewater, police and fire protection, emergency medical services, construction and maintenance of streets, roads and other infrastructure, solid waste collection, planning and zoning, parks and recreation programming including a municipal golf course, airport facility management, and administrative services necessary to serve the citizens of our community. The City's Electric and Water and Wastewater services are operated under an enterprise fund concept, with user charges set to ensure adequate coverage of operating expenses and payments on outstanding debt. In addition, the City of Burnet is also financially accountable for a legally separate economic development corporation, which is reported separately within the City of Burnet's financial statements. Additional information on this legally separate entity can be found in the notes to the financial statements.

The annual budget serves as the foundation for the City of Burnet's financial planning and control. It defines the type, quality, and quantity of City goods and services that will be provided to citizens. The budget is also a control device that serves as a system of "checks and balances" between levels of City government.

The City Charter establishes the fiscal year as the twelve-month period that begins October 1st and ends September 30th. Department heads submit to the City Manager a budget of estimated expenditures for the ensuing fiscal year. The City Manager then submits a budget of estimated expenditures and revenues to the City Council on or before the 15th day of August. The City Council shall comply with state law in the adoption of the budget and, unless otherwise in conflict with state law, shall adopt the budget on or before the last day of the last month of the current fiscal year. If the City Council fails to adopt the budget by this date, the budget proposed by the City Manager shall go into effect.

After adoption of the budget, the City Manager may transfer any unencumbered appropriation or portion thereof between general classifications of expenditures within a department or organizational unit or fund. The City Council may amend the budget at any time by ordinance.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Burnet operates.

Local economy. The City of Burnet is a proactive, business friendly community centrally located fifty-five miles northwest of Austin and ninety-nine miles north of San Antonio near the Highland Lakes which is the largest chain of lakes in Texas. Steady population growth has been experienced for the last five years with a present population estimated in excess of 7,000. Burnet County’s population is estimated at 58,500 which represents a 37% increase in population since 2010. Burnet’s major employers include the government, healthcare, and manufacturing industries. Burnet Consolidated Independent School District (“BCISD”) is the largest employer in the City, with approximately 500 employees. BCISD serves over 3,200 students on 6 campuses, 5 of which are in the city limits of Burnet. Burnet is home to manufacturing companies such as Entegris, Stealth Products, and Sure Cast. Overall, Burnet’s steady growth, proximity to major markets, and business friendly atmosphere serve as a conduit for local businesses to continue to invest and grow in our community.

Recently completed newly constructed commercial projects in Burnet include the new downtown City Hall building, First Baptist Church building, Commercial National Bank building, Texas Building Center office, Ascencion Cariology Clinic, and a jet hangar at the airport. Completed renovations/expansions include the Airy Mount Coffee shop, Loft meeting space on the square, a new boutique on the square, Storm’s parking lot addition, and the Oaks West Church addition.

Several new commercial projects are currently underway in the City, including Phase V of the Ranch at Delaware Creek (also known as the Trailside Addition) which will include 58 duplex units, a Towne Place Suites extended-stay hotel by Marriott, an Auto Zone store, a Casey’s gas station, South Highway 281 Delaware commercial park with three lots, and the Sunday Drive commercial park. Additional projects under development include Sunset Ridge apartments, a Careflite helicopter hangar, Capital Farm Credit office building, and Silverleaf Assisted Living facility. Remodels currently underway include Burnet County Annex office and the Burnet County Appraisal District office. Future commercial projects include the Honey Rock commercial park, and an office warehouse park.

Current subdivisions under construction include Delaware Springs, Section 25 (26 lots), Highland Oaks Randall Court Phase (24 single-family lots). Future planned subdivisions and expansions include Delaware Springs Section 19 Phase IV (25 single-family lots), Honey Rock Subdivision (299 single-family lots and 2 multifamily lots), Hilltop Oaks (100 single-family lots), Springside Estate Subdivision (58 single-family lots), Reserve at Burnet (86 single-family lots), Creekfall Phase IV (52 single-family lots), Delaware Springs Section 17 (18 lots), and Eagle’s Nest Phase 3 (13 single-family lots).

Long-term financial planning and major initiatives. The following major projects have been budgeted for 2025-2026:

General Fund Capital Projects

- \$5,000,000 for new pedestrian walking bridge
- \$2,441,350 for flood damaged projects
- \$1,000,000 in street improvements
- \$800,000 for new City Hall building
- \$409,836 arbitrage payment
- \$275,000 in Galloway Hammond Recreational Center improvements
- \$93,000 for Police shooting range improvements
- \$75,000 for portable stage
- \$55,000 for transportation plan
- \$54,300 for Building Inspector vehicle
- \$30,000 for Fire Department Westnet Paging System
- \$25,000 planning for pickleball courts
- \$25,000 for park improvements
- \$25,000 for Fire Department GPS equipment for CAD
- \$22,500 for Opioid Funding approved project
- \$20,000 for Water Rescue and Safety Gear for Public Safety

Electric Fund Capital Projects

- \$1,367,000 for resiliency grant improvements
- \$300,000 for bucket truck
- \$250,000 for subdivision electrical costs
- \$140,000 for Creekfall offsite improvements
- \$50,000 for Frontier fiber over lashing
- \$35,000 for employee hand tools and equipment
- \$35,000 for equipment for offsite improvement projects
- \$21,800 for flood damaged projects

Water/WW Fund Capital Projects

- \$1,713,600 for new generators for SB3 compliance
- \$700,000 Valley Street Well engineering/evaluation
- \$350,000 for Eagles's Nest water tank upgrade
- \$303,050 flood damaged projects
- \$250,000 in CDBG water line project (Wofford 1 and 2)
- \$125,000 for Creekfall water line oversizing project
- \$100,000 for water and sewer plant maintenance/well and pump upgrades
- \$90,000 for vac trailer
- \$25,000 sewer model calibration

Golf Fund Capital Projects

- \$1,100,000 for golf course land acquisition
- \$350,000 for golf course improvements
- \$233,800 for flood damaged projects

Airport Fund Capital Projects

- \$300,000 for jet hanger
- \$111,111 for Ramp grant improvements
- \$20,000 decel lane into airport

Funding for these projects will include cash reserves from prior years and the current fiscal year, and outside sources such as contractors.

Relevant Financial Policies

The City Council, in their strategic planning process, set the following financial goals for the City:

- Maintain 90-day cash reserve balance.
- Maintain a 1.25 debt coverage ratio.
- Maintain a net operating profit of no less than 3% of operating expenses for the General Fund.
- Budget projected net operating profit as fund balance for capital projects.
- Maintain the Self-funded Equipment Fund balance to properly fund equipment needs based on a five-year projection.
- Maintain council authorized capital reserve accounts for the General, Electric, and Water/Wastewater Fund.
- Maintain Enterprise Fund net operating profit of no less than 5% of operating expenses for the Water/Wastewater Fund and 4% of operating expenses for the Electric Fund.
- Delaware Springs is to be operated as a true Enterprise Fund with its own self-funded account, capital account, and operating reserve account and maintain a Net Operating Profit of no less than 5%.

Acknowledgements

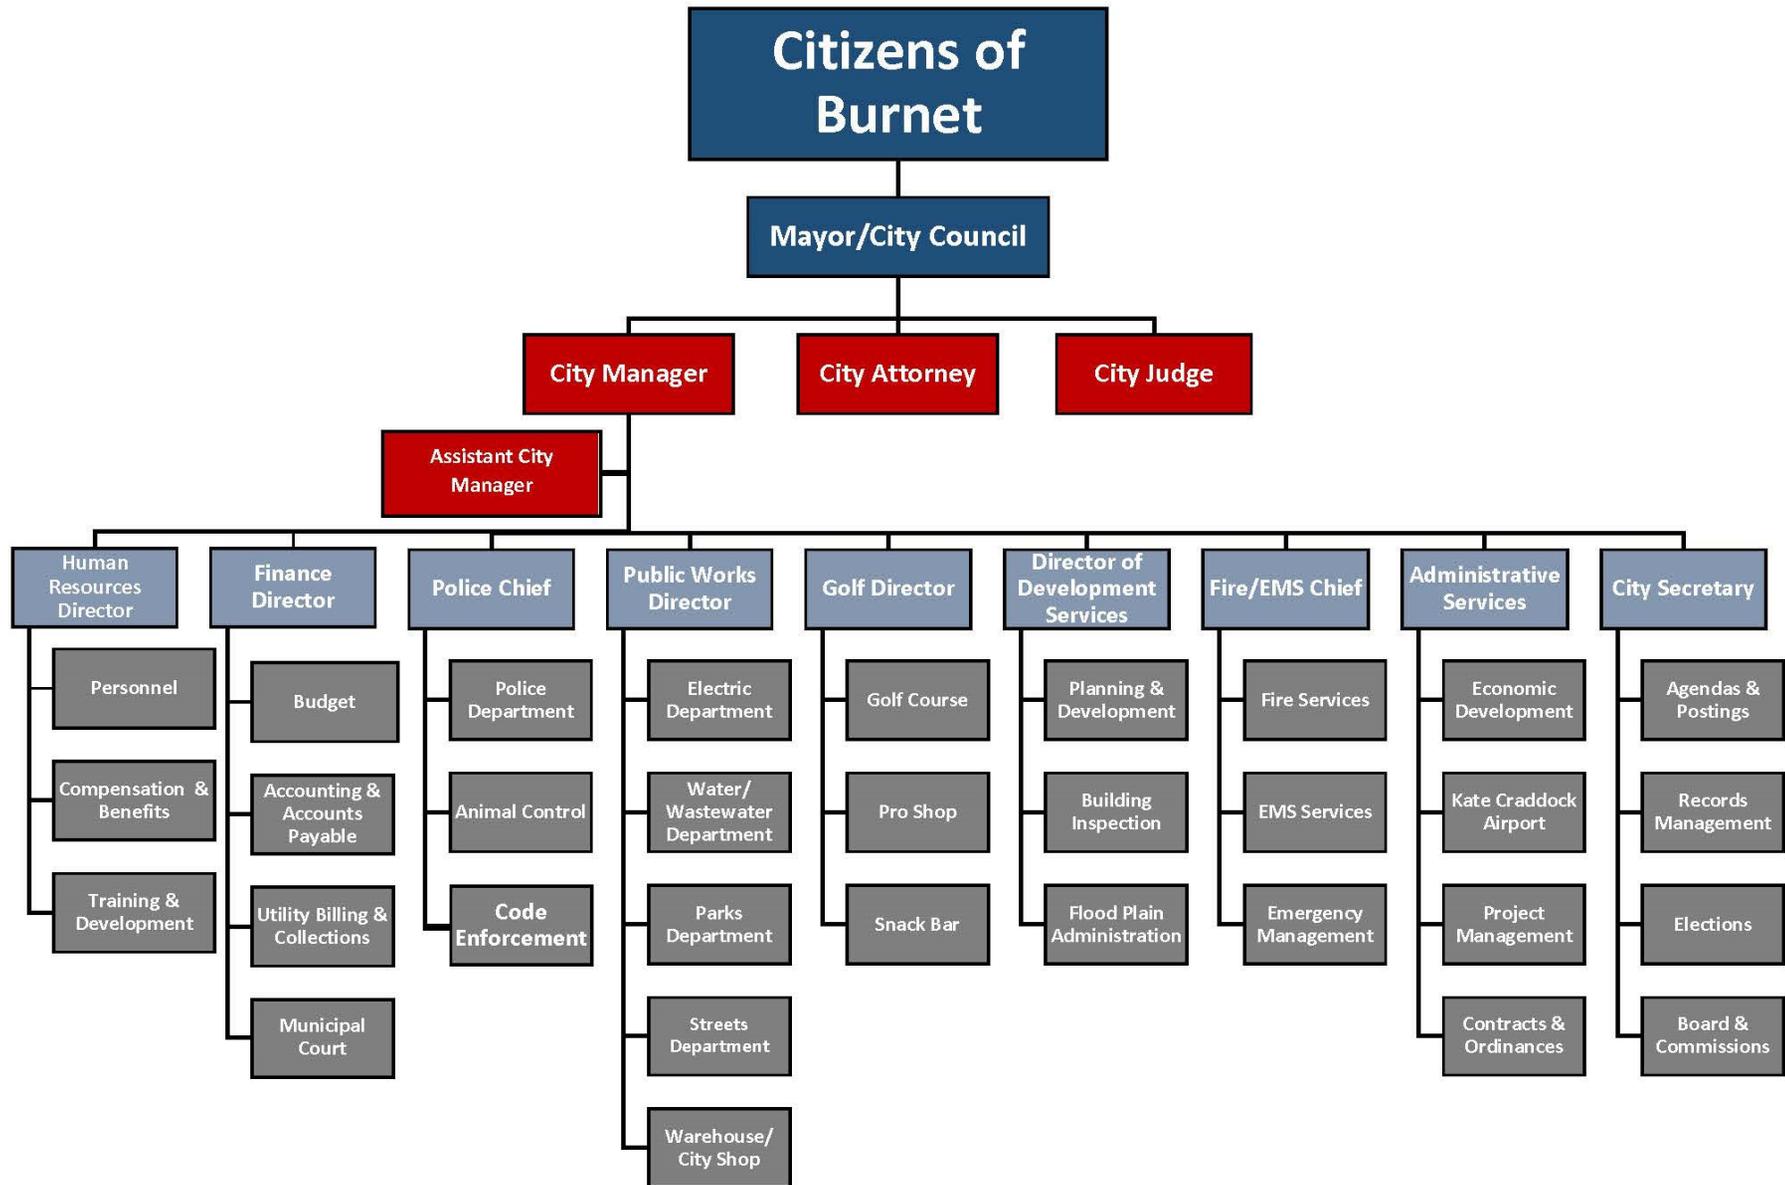

We would like to thank the Mayor and the City Council for their leadership and continued support in planning and conducting the financial operations of the City in a responsible and progressive manner. In addition, we want to thank all the City's departments for their assistance in providing the data necessary to prepare this report.

Respectfully submitted,

David Vaughn

INDEPENDENT AUDITOR’S REPORT

The Honorable Mayor and City Council
City of Burnet, Texas:

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component unit and remaining fund information of City of Burnet, Texas (the “City”), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component unit and remaining fund information of the City of Burnet, Texas, as of September 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and Airport Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The City’s management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for the twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 through 16, and the schedules of changes in the City's net pension liability / total OPEB liabilities and related ratios, and schedules of pension/OPEB contributions on pages 82 through 92 (collectively, "the required supplementary information") be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining schedules of nonmajor governmental funds and other supplementary information (collectively, the "other supplementary information") on pages 95 through 102 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information Included in the Annual Comprehensive Financial Report

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the financial statements or our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based upon the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2026 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

March 16, 2026

Management's Discussion and Analysis

As management of the City of Burnet, Texas (the “City of Burnet” or the “City”), we offer readers of the City’s financial statements this narrative overview and analysis of the financial activities of the City of Burnet for the fiscal year ended September 30, 2025.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$80,389,404 (*net position*). Unrestricted net position of the City is \$6,929,670. The City’s total net position increased \$8,614,227 primarily due to the City’s acceptance of developer contributions for infrastructure amounting to \$8,762,078 in the current year.
- At the close of the current fiscal year, the City’s governmental funds reported combined fund balances of \$11,788,179, a decrease of \$11,068,219 in comparison with the prior year primarily due to capital outlay of \$15,538,521 for the ongoing construction of a new City Hall building, street improvements throughout the City, and various other capital projects.
- At the end of the current fiscal year, unrestricted fund balance (the total of *committed*, *assigned* and *unassigned* components of fund balance) for the general fund was \$7,133,176, or approximately 50% of total general fund expenditures.
- The City’s general fund total fund balance decreased \$3,899,119 in the current year compared to an increase in the prior year of \$1,596,429 mainly due to a transfer out of \$5,666,293 to the general capital projects fund for ongoing construction of the new City Hall building, street improvements throughout the City, and various other capital projects.
- During the current fiscal year, the Burnet Economic Development Corporation (“BEDC”) sold land and building collectively referred to as “the Badger Building” to an unrelated party, which resulted in the recognition of a loss on the sale of land and building of \$1,529,480. Additionally, the BEDC made a one-time incentive payment of \$522,895 to a retail agriculture supply store once the store reached certain milestones under a Council approved incentive agreement.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City’s basic financial statements. The City’s basic financial statements include three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains supplementary information intended to furnish additional detail to support the basic financial statements themselves.

Government-Wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City’s finances, in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is either improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and other governmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, highways and streets, aviation services, culture and recreation, sanitation, and economic development. The business-type activities of the City include electricity, water and sewer services, and the Delaware Springs Golf Course.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also the Burnet Economic Development Corporation ("BEDC"), a legally separate corporation for which the City is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 19 through 21 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, government fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains twelve individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the general fund, the airport fund, the debt service fund, and the general capital projects fund, which are considered to be major funds. Data from the other eight governmental funds are combined into a single aggregated presentation.

Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in the combining fund statements section of this report.

The City adopts an annual appropriated budget for its general, airport, hotel/motel tax, and debt service funds. Budgetary comparison statements have been provided for the general and airport funds to demonstrate compliance with these budgets. Additionally, budgetary comparison schedules have been provided for the hotel/motel tax and debt service funds as supplementary information.

The basic governmental fund financial statements can be found on pages 22 through 26 of this report.

Proprietary Funds. The City maintains one type of proprietary fund – enterprise funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its electricity, water and sewer services, and the Delaware Springs Golf Course.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for its electricity, water and sewer services, and the Delaware Springs Golf Course operations, all of which are considered to be major funds of the City.

The basic proprietary fund financial statements can be found on pages 28 through 31 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 33 through 80 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information related to the City's pension /OPEB benefits to its employees. Required supplementary information can be found on pages 82 through 92. The combining schedules referred to earlier in connection with nonmajor governmental funds and the budgetary comparison schedules for the hotel/motel tax and debt service funds are presented immediately following the required supplementary information. Also included are the comparative statements of net position and changes in net position for the BEDC. The other supplementary information can be found on pages 95 through 102 of this report.

Government-Wide Overall Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$ 80,389,404 at the close of the most recent fiscal year.

Total net position	\$ 50,487,951	47,895,636	29,901,453	23,879,541	80,389,404	71,775,177

By far, the largest portion of the City's net position (\$71.7 million or 89.2%) reflects its investment in capital assets, less any related outstanding debt that was used to acquire those assets. The City uses these capital assets to provide a variety of services to its citizens. Accordingly, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (\$1.7 million or 2.2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position is \$6,929,670.

The City's overall net position increased \$8,614,227. The reasons for this overall increase are discussed in the following sections for governmental activities and business-type activities.

Governmental Activities. During the current fiscal year, net position for governmental activities increased \$2,592,315 as compared to an increase of \$6,761,716 in the prior year. Key elements of the changes from the prior year are as follows:

- Capital grants and contributions increased \$2,681,285 in the current year primarily due to the City’s acceptance of developer contributions for infrastructure amounting to \$5,058,126 that was offset by a decrease of \$2,684,972 in federal funding that was primarily used for the current year and prior year construction of the Children’s Advocacy building as further discussed below.
- Overall, governmental expenses increased \$1,888,356 (11.5%) primarily due to City-wide raises that brought salaries up to market rates and the addition of three new positions.

Overall, governmental activities recognized an increase in net position before special item and transfers of \$3.6 million and \$2.7 million in 2025 and 2024, respectively. Under the terms of a Memorandum of Agreement (“MOU”) with the Hill Country Children’s Advocacy Center (the “Center”), the City utilized federal funding from the Community Development Block Grant (“CDBG”) – Community Resiliency Program (“CRP”) under the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act to construct a facility improvements project on behalf of the Center benefiting the clientele served by the Center. The improvements were completed in the current fiscal year, and the City recognized its release of interest in the building of \$4,456,337 as a special item. Transfers in were \$3.4 million and \$4.1 million in 2025 and 2024, respectively.

Business-Type Activities. During the current fiscal year, net position for business-type activities increased \$6,021,912 as compared to an increase of \$1,294,644 in the prior year. Key elements of the variances from the prior year are as follows:

- Charges for services related to business-type activities increased by \$1,657,520 or 8.8% from the prior year. Electric consumption was generally flat as compared to prior year; however, there was a net increase in electric revenue of \$704,678 due to an increase in the cost of power which is passed on to the customer. Water and sewer gallons sold increased an average of 15.3%; however, revenue only increased by 11.6% due to graduated water and sewer rates. Golf services and sales of merchandise increased \$384,578 due to an increase in the number of rounds played as compared to prior year and due to price increases based on demand for services.
- Capital contributions increased \$3,956,577 due to developer contributions for water and sewer improvements that were accepted by the City in the current year for the Delaware Springs subdivision - Phases 2 and 3, the Creekfall subdivision - Phases 1 and 2, and the Westfall Village subdivision.

Overall, business-type expenses increased \$1,528,481 (11.1%) primarily due to increases in salaries and benefits as a result of filling positions that were vacant in the prior year. Overall, business-type activities recognized an increase in net position before transfers of \$9.5 million and \$5.4 million in 2025 and 2024, respectively. Transfers out were \$3.4 million and \$4.1 million in 2025 and 2024, respectively.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of available resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may be a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party or the City itself.

At September 30, 2025, the City's governmental funds reported combined fund balances of \$11,788,179, a decrease of \$11,068,219 in comparison with the prior year. Of this amount, \$7,133,176 is available for spending at the government's discretion (*unassigned fund balance*). The remainder of the fund balance is either nonspendable, restricted, committed, or assigned to indicate that it is (1) not in spendable form, \$34,606; (2) restricted for particular purposes, \$1,705,714; or (3) assigned for particular purposes, \$2,914,683.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$7,133,176. As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance to total general fund expenditures. Unassigned fund balance represents approximately 49.7% of total general fund expenditures.

During the current fiscal year, fund balance for the general fund decreased \$3,899,119 as compared to an increase of \$1,596,429 in the prior year. Key factors in this change are as follows:

- Property and sales taxes increased \$470,498 and \$132,324, respectively, during the year (approximately 11.7% and 4.5%, respectively), which is primarily due to increased property values and new property being added to the tax roll. Additionally, the City continues to see economic development and an increase in tourism.
- Expenses increased \$507,788, approximately 3.7% over the prior year due to annual raises, added positions, and related increases in cost for employee benefits. Annually, the City transfers payments (1) for return on investment from the electric fund and (2) in lieu of taxes from the water and sewer fund to the general fund and makes other transfers in and transfers out at the discretion of management. Transfers in for the current year amounted to \$3,757,503, which was approximately \$505,465 less than the prior year amount of \$4,262,968.
- Transfers out of \$6,565,529 in the current year as compared to \$1,658,851 in the prior year and were primarily for ongoing construction of the new City Hall building, street improvements throughout the City, and various other capital projects.

During the current fiscal year, fund balance for the airport fund decreased \$8,679 as compared to an increase of \$111,747 in the prior year. Transfers out of \$259,241 in the current year as compared to \$24,788 in the prior year and were primarily for (1) an allocation of salaries and wages that are now reported in general fund and (2) the airport box hangar project funded out of the airport capital projects fund (a non-major capital projects fund).

During the current fiscal year, fund balance for the debt service fund increased by \$15,909 as compared to an increase of \$143,977 in the prior year.

The general capital projects fund is used to track various capital improvements and equipment purchases for the City, and is primarily funded by bond proceeds, federal grant awards, and transfers from the general and enterprise funds. Capital expenditures for the current year of \$13,057,624 are discussed in additional detail below.

Proprietary Funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the electric, water and sewer, and Delaware Springs Golf Course funds at the end of the year were \$1,903,805; \$709,307, and \$(438,140), respectively. Net position for the electric, water and sewer, and golf funds increased by \$2,055,850, \$3,654,331, and \$311,731, respectively, primarily due to continued profitability of electric operations and developer contributions of \$679,170 for electric improvements and \$3,024,782 for water and sewer improvements that were accepted by the City in the current year for the Delaware Springs subdivision - Phases 2 and 3, the Creekfall subdivision - Phases 1 and 2, and the Westfall Village subdivision. Key factors affecting the changes have been addressed under the government-wide financial analysis above.

General Fund Budgetary Highlights

Original budget compared to final budget. During the year, there were no significant amendments to the general fund budget for expenditures and transfers out.

Final budget compared to actual results. During the year, actual revenues and transfers in were over budget by \$608,774. Actual expenditures were 95.5% of appropriations. Transfers out exceeded budgeted amounts by \$5,666,292 due to additional transfers needed to the general capital project fund for ongoing construction of the new City Hall building, street improvements throughout the City, and various other capital projects that were not originally budgeted.

Capital Assets and Debt Administration

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of September 30, 2025, amounts to \$ 102,057,662 (net of accumulated depreciation). This investment in capital assets includes land, buildings, infrastructure, right-of-use assets, machinery and equipment, and construction in progress. The total net increase in the City's investment in capital assets for the current fiscal year was \$ 17,400,819 or 20.6% primarily as a result of \$8,762,078 in developer contributions that were accepted by the City in the current year for infrastructure improvements in the Delaware Springs subdivision - Phases 2 and 3, the Creekfall subdivision - Phases 1 and 2, and the Westfall Village subdivision. Other major capital asset activity is listed below.

**City of Burnet's Capital Assets
(Net of Depreciation)
September 30,**

	Governmental Activities		Business-type Activities		Total	
	2025	2024	2025	2024	2025	2024

Additional major capital asset activity during the current fiscal year included:

Work was completed on:

Street improvements	\$ 4,243,658
Children's Advocacy facility	265,080
Golf Course improvements	203,645
Infrastructure project	789,011
Airport fence improvements	59,728

Acquisition of water and sewer vehicles and equipment \$ 371,702

Acquisition of golf equipment \$ 105,893

Acquisition of ambulance and other public safety
vehicles and equipment \$ 1,424,135

Acquisition of various other equipment \$ 563,343

Acquisition of land - Valley Street Property \$ 124,177

Work continued on:

New City Hall facility	\$ 6,519,911
CDBG Wofford Waterline Projects	722,093
Airport Box Hanger	1,516,822
Shooting Range	199,999
Golf Course improvements	173,775
Pedestrian Bridge	104,098

Additional information on the City's capital assets can be found in Note III.C. on pages 49 to 52 of this report.

Long-Term Debt. At the end of the current fiscal year, the City had total long-term liabilities of \$37,674,024.

**City of Burnet’s Outstanding Long-Term Liabilities
September 30,**

	Governmental Activities		Business-type Activities		Total	
	2025	2024	2025	2024	2025	2024
Certificates of obligation	\$ 14,280,000	14,905,000	12,415,000	13,190,000	26,695,000	28,095,000

Premiums	729,712	774,733	218,273	230,007	947,985	1,004,740
Total bonded debt	15,009,712	15,679,733	14,398,273	15,260,007	29,407,985	30,939,740
Lease liabilities	9,047	114,924	-	-	9,047	114,924
Compensated absences	692,495	547,361	221,288	156,632	913,783	703,993
Net pension liability	1,585,470	2,443,764	589,706	850,535	2,175,176	3,294,299
Total OPEB liability - life insurance	332,568	336,275	-	-	332,568	336,275
Total OPEB liability - health insurance	3,524,538	3,683,207	1,310,927	1,281,913	4,835,465	4,965,120
Total	\$ 21,153,830	22,805,264	16,520,194	17,549,087	37,674,024	40,354,351

The City’s total outstanding debt decreased by \$2.7 million during the current fiscal year. This change primarily resulted from the decreases in the net pension and OPEB liabilities of \$1.3 million and scheduled principal payments on bonded debt and lease liabilities of \$1.6 million.

The City received an “AA-” rating from S & P Global Ratings for general obligation debt.

The Texas Attorney General limits the amount of general obligation debt a governmental entity may issue to an amount no greater than that which can be serviced by a debt service tax of \$1.50 per \$100 assessed valuation, based on 90% collections. The City’s adopted debt service rate for fiscal year 2025 is \$0.1187 per \$100 assessed valuation. This represents only 8%, or \$1.3813, below the rate allowed by the Attorney General’s imposed limit. Additional information on the City’s long-term liabilities can be found in Note III.D. on pages 53 to 57 of this report.

Economic Factors and Next Year’s Budget and Rates

The following economic factors currently affect the City and were considered in developing the 2026 fiscal year budget:

- Maintaining the current tax rate of \$0.6131.
- Projected increase in property taxes due to increase in assessed property values, growth in the City, and reduction in the I&S rate.
- Funding salary increases and additional positions for public safety to keep up with growth and compete with other agencies for top talent.

- Maintaining a 90-day reserve for the general fund.
- Conservatively projecting revenues for Electric, Water and Golf given that weather has a significant impact on their revenues.
- Adjusting power cost factor calculation for Electric sales to include line loss to help cover rising maintenance and staffing costs of the department.
- Ensuring the City's enterprise funds remain healthy by budgeting a net profit of at least 5% of expenses.
- Establishing an operating reserve, self-funded equipment fund, and capital reserve fund for the Golf fund to maintain its financial health and sustainability.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the City Manager, City of Burnet, Texas, P. O. Box 1369, Burnet, Texas 78611.

City of Burnet, Texas
**Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of
Governmental Funds to the Statement of Activities**

Year Ended September 30, 2025

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (11,068,219)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay (\$14,918,976) exceeded depreciation expense (\$3,362,766) in the current period.	11,556,210
Donations of capital assets increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	5,058,126
In the statement of activities, special items include the net book value of the City's release of its interest in a building	(4,456,337)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(45,916)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This is the amount is the net effect of these differences in the treatment of long-term debt and related items.	778,847
Certain expenses reported in the statement of activities do not require the uses of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	(145,134)
Governmental funds report contributions to pension/OPEB plans as expenditures, whereas pension/OPEB expense is recognized in the statement of activities. This is the amount by which pension/OPEB benefit exceeded contributions to the plans in the current year.	<u>914,738</u>
Change in net position of governmental activities	<u><u>\$ 2,592,315</u></u>

See accompanying notes to financial statements.

City of Burnet, Texas

Notes to Financial Statements

September 30, 2025

I. Summary of Significant Accounting Policies

A. Reporting Entity

The City of Burnet, Texas, the county seat for Burnet County, is situated in the midwestern part of Burnet County in Central Texas and encompasses approximately ten square miles. The City of Burnet, Texas (the “City”) is a “Home Rule Charter” city. The City operates under a Council / Manager form of government meaning that the City Council makes and adopts regulations, laws and policy and the City Manager is responsible for the day to day operations of the City. The City provides basic services to its citizens, such as police, fire, electricity, water and sewer, and sanitation, as well as health and welfare, economic development, aviation services, and parks and recreation services.

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units although legally separate entities are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. The City did not have any blended component units. A discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the government.

Discretely presented component unit - The Burnet Economic Development Corporation, Inc. (the “Development Corporation”) is a governmental nonprofit corporation organized for the purpose of promoting, assisting, and enhancing economic development activities of the City of Burnet, Texas. The City Council appoints a governing body that is not substantively the same as the governing body of the primary government. Budgets of the Corporation and debt to be incurred must be approved by the Council. The Development Corporation does not issue separate financial statements.

B. Basis of Presentation - Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the primary government and its component units. Governmental activities, which normally are supported by taxes and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

City of Burnet, Texas

Notes to Financial Statements (Continued)

I. Summary of Significant Accounting Policies (continued)

B. Basis of Presentation - Government-Wide Financial Statements (continued)

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds and proprietary funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the City's electric, water and sewer functions, and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

C. Program Revenues

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

D. Basis of Presentation - Fund Financial Statements

The fund financial statements provide information about the government's funds. Separate statements for each fund category - governmental and proprietary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The general fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

City of Burnet, Texas

Notes to Financial Statements (Continued)

I. Summary of Significant Accounting Policies (continued)

D. Basis of Presentation - Fund Financial Statements (continued)

The airport fund, a special revenue fund, accounts for the operations of Burnet Municipal Airport. The primary source of revenue for the airport fund is hanger rentals.

The debt service fund is used to account for the accumulation of resources that are restricted, committed, or assigned for the payment of principal and interest on long-term obligations of governmental funds.

The general capital projects fund is used to account for the acquisition / renovation of buildings, equipment, and other capital items for City purposes.

The City reports the following major enterprise funds:

The electric fund accounts for the City's electric services to its residents. All activities necessary to provide such services are accounted for in this fund including, but not limited to, administration, operations, maintenance, and financing and related debt service.

The water and sewer fund accounts for the City's water and sewer services to its residents. All activities necessary to provide such services are accounted for in this fund including, but not limited to, administration, operations, maintenance, and financing and related debt service.

The Delaware Springs Golf Course fund accounts for the operation of the Delaware Springs Municipal Golf Course. All activities necessary for the operation of the golf course are accounted for in this fund including, but not limited to, administration, operations, maintenance, and financing and related debt service.

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

City of Burnet, Texas

Notes to Financial Statements (Continued)

I. Summary of Significant Accounting Policies (continued)

D. Basis of Presentation - Fund Financial Statements (continued)

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources.

City of Burnet, Texas

Notes to Financial Statements (Continued)

I. Summary of Significant Accounting Policies (continued)

E. Measurement Focus and Basis of Accounting (continued)

Property taxes, sales taxes, franchise taxes and charges for services associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the City.

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting.

F. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the electric fund, water and sewer fund, and Delaware Springs Golf Course fund are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

G. Budgetary Information

Annual budgets are legally adopted for the following funds (under the City's budgetary fund structure): the general fund, the airport fund, the hotel/motel tax fund, and the debt service fund. Capital projects funds are generally planned on both a project-length basis and an annual basis. Also, operating plans are developed for the electric fund, water and sewer fund and the Delaware Springs Golf Course fund.

The appropriated budget is prepared by fund, department and object. The City Manager is authorized to transfer budgeted amounts within departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level.

City of Burnet, Texas

Notes to Financial Statements (Continued)

I. Summary of Significant Accounting Policies (continued)

G. Budgetary Information (continued)

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g. purchase orders, contracts) outstanding at year end do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

There were no material outstanding encumbrances as of September 30, 2025 for the general fund, airport fund, general capital projects fund, and other non-major funds.

The City prepares its appropriated budgets on a budgetary basis structure which differs from that used for financial reporting in accordance with generally accepted accounting principles (“GAAP”). The budget and all transactions of the general and airport funds are presented in accordance with the City’s budgetary basis structure in the Statements of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – Budgetary Basis to provide a meaningful comparison of actual results with the budget. The major difference between the budgetary basis and the GAAP basis is that the budgetary basis uses a fund structure which is used in the City’s legally adopted budget (rather than the fund structure used in their financial statements) which results in certain activities reported on a GAAP basis which are not included on a budgetary basis. Additionally, all leases are deemed to be short term leases.

There were no adjustments necessary for the general fund and airport fund to convert the net change in fund balance on the budgetary basis to a GAAP basis.

H. Deposits and Investments

State statutes and the City’s investment policy authorize the City to invest in obligations of the United States and its agencies, certificates of deposit, and public funds investment pools.

Investments for the government are reported at fair value (generally based on quoted market prices) except for public funds investment pools. The public funds investment pools operate in accordance with appropriate state laws and regulations, and are reported at amortized cost.

City of Burnet, Texas

Notes to Financial Statements (Continued)

I. Summary of Significant Accounting Policies (continued)

H. Deposits and Investments (continued)

Public Funds Investment Pools

The public funds investment pools have been created pursuant to the Interlocal Cooperation Act of the State of Texas. The City has delegated the authority to hold legal title to the public funds investments pools and, as custodian, to make investment purchases with the City's funds.

TexPool. In accordance with state law, the Comptroller of Public Accounts (the Comptroller) is the sole officer, director and shareholder of Texas Local Government Investment Pool ("TexPool"). Additionally, the Comptroller has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The advisory board members review the investment policy and management fee structure. There are no maximum transaction amounts and withdrawals from TexPool may be made daily. TexPool uses amortized cost rather than fair value to report net assets share price.

Texas CLASS. The Texas Cooperative Liquid Assets Securities System Trust ("Texas CLASS") was created as a local government investment pool pursuant to state law. The Texas CLASS Trust Agreement is an agreement of indefinite term regarding the investment, reinvestment, and withdrawal of local government funds. The parties to the Trust Agreement are Texas local governments that choose to participate in the trust ("participants"), Public Trust Advisors, LLC as program administrator, and UMB Bank, N.A. as custodian. Texas CLASS is overseen by a Board of Trustees ("the Board") comprised of active members of the pool and elected by the participants. The Board is guided by an Advisory Board and is responsible for selecting the program administrator. There are no maximum transaction amounts and withdrawals from Texas CLASS that may be made daily. Texas CLASS uses amortized cost rather than fair value to report net assets share price.

The City's cash and cash equivalents for purposes of reporting cash flows of the enterprise funds are considered to be cash on hand, demand deposits, government investment pools and deposits in the City's internal cash pool.

I. Inventories

Inventories are valued at cost using the first-in/first-out method and consist of expendable material and supplies and vehicle repair parts. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

City of Burnet, Texas

Notes to Financial Statements
(Continued)

I. Summary of Significant Accounting Policies (continued)

J. Capital Assets

Capital assets, which include land, land improvements, buildings, right-of-use asset – building, machinery and equipment, right-of-use assets - equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the City chose to include all such items regardless of their acquisition date or amount. The City was able to estimate the historical cost for the initial reporting of these assets. As the City constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost.

The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or increase its estimated useful life. Donated capital assets are recorded at their acquisition value.

Land and construction in progress are not depreciated. The other capital assets of the City and the Development Corporation are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land improvements	10
Buildings	10 – 40
Right-of-use asset – building	2
Machinery and equipment	5 – 10
Infrastructure	10 – 50

City of Burnet, Texas

Notes to Financial Statements (Continued)

I. Summary of Significant Accounting Policies (continued)

K. Long-Term Liabilities

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary-fund-type statement of net position. Bond premiums are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. Pensions

For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Texas Municipal Retirement System (“TMRS”) and additions to/deductions from TMRS’s fiduciary net position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

M. Other Postemployment Benefits (“OPEB”)

The fiduciary net position of the City’s defined benefit life and health insurance plans (collectively, “the OPEB plans”) have been determined using the flow of economic resources measurement focus and the full accrual basis of accounting. This includes for purposes of measuring the total OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, and information about assets, liabilities, and additions to/deductions from the OPEB plans’ net position. Benefit payments are recognized when due and payable in accordance with benefit terms. There are no investments as these are pay-as-you-go plans.

City of Burnet, Texas

Notes to Financial Statements (Continued)

I. Summary of Significant Accounting Policies (continued)

N. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position and balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

O. Net Position Flow Assumptions

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

P. Fund Balance Flow Assumptions

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

City of Burnet, Texas

Notes to Financial Statements
(Continued)

I. Summary of Significant Accounting Policies (continued)

Q. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government’s highest level of decision-making authority. The City Council is the highest level of decision-making authority for the City that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. City management is authorized to assign fund balance. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

The components and specific purpose details of nonspendable, restricted, and assigned fund balances of governmental funds at September 30, 2025 are as follows:

	<u>General</u>	<u>Airport</u>	<u>Debt Service</u>	<u>Nonmajor Governmental Funds</u>	<u>Total</u>
Nonspendable:					
Inventories	\$ 34,606	-	-	-	34,606
Restricted:					
Aviation services	-	984,543	-	-	984,543
General obligation debt service	-	-	405,559	-	405,559
Economic development	-	-	-	171,662	171,662
Public safety	-	-	-	143,950	143,950
Assigned:					
Capital projects	-	-	-	2,914,683	2,914,683
Unassigned	<u>7,133,176</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>7,133,176</u>
	<u>\$ 7,167,782</u>	<u>984,543</u>	<u>405,559</u>	<u>3,230,295</u>	<u>11,788,179</u>

City of Burnet, Texas

Notes to Financial Statements (Continued)

I. Summary of Significant Accounting Policies (continued)

R. Property Taxes

Property taxes attach as an enforceable lien on real property and are levied as of October 1 on the assessed value as of the previous January 1 for all real and personal property in the City.

S. Compensated Absences

The City's policy permits employees to accumulate earned but unused vacation and sick leave benefits, which are eligible for payment upon separation from government service subject to certain limitations. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. The liability represents the portion of accumulated leave that is expected to be used or paid in future periods.

T. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management of the City to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, and deferred inflows and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant items subject to such estimates and assumptions include the net pension, total OPEB-life, and total OPEB- health liabilities and related deferred inflows and deferred outflows. Actual results could differ from those estimates.

City of Burnet, Texas

Notes to Financial Statements

II. Reconciliation of Government-Wide and Fund Financial Statements

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including general obligation debt payable and the net pension and total OPEB liabilities, are not due and payable in the current period and, therefore, are not reported in the funds.” The details of this \$20,843,999 difference are as follows:

General obligation debt	\$ (14,280,000)
Premiums on general obligation debt	(729,712)
Lease liabilities	(9,047)
Compensated absences	(692,495)
Accrued interest payable	(61,189)
Net pension liability, net of related deferred inflows of \$414,250 and deferred outflows of \$811,241	(1,188,479)
Total OPEB liability - life insurance, net of related deferred inflows of \$71,123 and deferred outflows of \$8,846	(394,945)
Total OPEB liability - health insurance, net of related deferred inflows of \$55,235 and deferred outflows of \$91,641	<u>(3,488,132)</u>
	<u>\$ (20,843,999)</u>

City of Burnet, Texas

Notes to Financial Statements
(Continued)

II. Reconciliation of Government-Wide and Fund Financial Statements (continued)

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-Wide Statement of Activities

The governmental fund statement of revenue, expenditures and changes in fund balances includes a reconciliation between *net changes in fund balances – total government funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation states “the issuance of long-term debt (e.g. bonds) provides current financial resources to governmental funds, while the repayment of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.” The details of this \$778,847 difference are as follows:

Principal payments on general obligation debt	\$ 625,000
Amortization of premiums	45,021
Principal payments on lease liabilities	105,877
Accrued interest payable	<u>2,949</u>
	<u>\$ 778,847</u>

III. Detailed Notes On All Activities and Funds

A. Deposits and Investments

Investments of the City at September 30, 2025, consist of investments in Texas Local Government Investment Pool (“TexPool”) of \$9,897,924 and Texas Cooperative Liquid Assets Securities System Trust (“Texas CLASS”) of \$195. See Note I.H. for a discussion of how the shares in TexPool Texas CLASS are valued.

Credit Risk: For an investment, credit risk is the risk that an investment issuer or other counterparty to an investment will not fulfill obligations. The Public Funds Investment Act (Government Code Chapter 2256) restricts the types of investments in which the City may invest. The City’s investment policy addresses credit quality by further restricting authorized investments to obligations of the United States and its agencies, and public funds investment pools rated AAA or AA from a nationally recognized rating service. The City’s investments in TexPool and Texas CLASS are rated AAAM by Standard & Poor’s.

City of Burnet, Texas

Notes to Financial Statements
(Continued)

III. Detailed Notes On All Activities and Funds (continued)

A. Deposits and Investments (continued)

Interest Rate Risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the City will only invest on a basis which allows liquidity to meet cash flow needs as necessary – the weighted average maturity should be 180 days or less for the general fund and 365 days or less for the debt service fund. The weighted average maturity of TexPool and Texas CLASS is 26 days and 36 days, respectively, as of September 30, 2025.

Custodial Credit Risk: The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. City policy requires all deposits to be federally insured or collateralized by eligible securities held by an independent third-party custodian.

For an investment, custodial credit risk is the risk that in the event of the failure of the counter-party, the City will not be able to recover the value of its investment or collateralized securities that are in the possession of an outside third party. The City has no specific policies that limit the custodial credit risk for its investments.

A reconciliation of deposits and investments as shown on the statement of net position:

Cash on hand	\$ 2,908
Carrying amount of deposits	5,897,938
Carrying amount of investments	<u>9,898,119</u>
	<u>\$ 15,798,965</u>
Per the statement of net position for the City:	
Cash and cash equivalents	<u>\$ 13,530,503</u>
Per the statement of net position for the Burnet Economic Development Corporation:	
Cash and cash equivalents	2,242,431
Restricted cash and cash equivalents	<u>26,031</u>
	<u>2,268,462</u>
	<u>\$ 15,798,965</u>

D. Long-Term Liabilities

Primary Government

The City issues general obligation bonds, tax notes, and combination tax and revenue certificates of obligation (collectively, “general obligation debt”) to provide funds for the acquisition and construction of major capital facilities for both governmental and business-type activities. These general obligation debts are direct obligations and pledge the full faith and credit of the City. The general obligation bonds, tax notes and certificates of obligation generally are issued with equal amounts of principal maturing each year with maturities that range from 13 to 19 years. General obligation debt outstanding at September 30, 2025 is as follows:

	<u>Date</u>	<u>Original Amount</u>	<u>Interest Rates</u>	<u>Final Maturity</u>	<u>Amount Outstanding</u>
<i>Governmental Activities</i>					
Combination tax and revenue certificates of obligation	2019	2,920,000	2.00%-5.00%	2039	2,230,000
Combination tax and revenue certificates of obligation	2021	5,755,000	1.50%-4.00%	2041	4,820,000
Combination tax and revenue certificates of obligation	2022	3,940,000	3.50%-5.00%	2042	3,530,000
Combination tax and revenue certificates of obligation	2023	3,970,000	3.43%-5.00%	2043	<u>3,700,000</u>
					<u>\$ 14,280,000</u>

D. Long-Term Liabilities (continued)

Primary Government (continued)

The City's bond indentures contain restrictions concerning the maintenance of accounting records as well as reporting the results of the City's operations to specified major bond holders. The City is in compliance with all significant requirements and restrictions.

There is no specific maximum debt limit established by law for the City; therefore, the limit is governed by the City's ability to levy and collect taxes to service the debt.

The City has pledged net revenues of the water and sewer system to repay \$11,675,000 in combination tax and revenue certificates of obligation issued from 2010 to 2012. Annual principal and interest payments on the debt is expected to require approximately 50% of the pledged net revenues. The total principal and interest remaining to be paid on the debt is \$11,675,000. Principal and interest paid for the current year and total pledged net revenues for the current year were \$735,000 and \$1,914,535, respectively.

Primary Government – City as Lessee

The City leases its City Hall building used in operations. In May 2025, under the terms of the lease agreement, the City provided its six months prior written notice of its intent to terminate the lease effective November 30, 2025. As of September 30, 2025, the principal and interest requirements for the lease to maturity are as follows:

Year Ended September 30,	Principal	Interest	Total
<i>Governmental Activities</i>			
2026	\$ <u>9,047</u>	<u>331</u>	<u>9,378</u>
	\$ <u><u>9,047</u></u>	<u><u>331</u></u>	<u><u>9,378</u></u>

City of Burnet, Texas

D. Long-Term Liabilities (continued)

Component Unit

Changes in the component unit's long-term liabilities for the year ended September 30, 2025 are as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Burnet Economic Development Corporation:					
General obligation debt	\$ 1,385,000	-	(1,385,000)	-	-
Notes payable	<u>2,114,119</u>	<u>-</u>	<u>(1,249,315)</u>	<u>864,804</u>	<u>138,208</u>
	<u>\$ 3,499,119</u>	<u>-</u>	<u>(2,634,315)</u>	<u>864,804</u>	<u>138,208</u>

The Development Corporation has a promissory note payable with a local financial institution that is secured by a pledge of the Development Corporation's sales tax revenues. Interest accrues at 2.86%, and principal and interest of \$13,428 are due in monthly installments until maturity in July 2031, at which time all remaining unpaid principal and interest are due. The outstanding note payable balance at September 30, 2025 is \$864,804.

The debt service requirements for the component unit's note payable are as follows:

<u>Year Ended September 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
<i>Component Unit</i>			
2026	\$ 138,208	22,931	161,139

E. Leases

Primary Government as Lessor

The City leases certain easements to individuals for the purpose of moving aircraft from the lessees' real property to the runways, taxiways, and apron of the Burnet Municipal Airport – Kate Craddock Field. The related lease receivable and deferred inflows of resources are presented as amounts equal to the present value of lease payments expected to be received during the lease term. The deferred inflows of resources are amortized as lease revenue on a straight-line basis over the lease term. The total amount of lease revenue and lease related interest revenue recognized in the current year is \$23,672.

Principal and interest payments scheduled to be received from lease receivable are as follows:

<u>Year Ended</u> <u>September 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
<i>Governmental Activities</i>			
2026	\$ 8,110	11,822	19,932
2027	8,748	11,184	19,932
2028	9,443	10,489	19,932
2029	10,203	9,729	19,932
2030	11,034	8,898	19,932
2031-2035	39,465	32,815	72,280
2036-2040	25,901	22,572	48,473
2041-2045	20,502	17,604	38,106
2046-2050	23,767	14,339	38,106
2051-2055	27,553	10,553	38,106
2056-2060	31,941	6,165	38,106
2061-2065	21,560	1,305	22,865
	<u>\$ 238,227</u>	<u>157,475</u>	<u>395,702</u>

F. Interfund Receivables and Payables

The composition of interfund balances as of September 30, 2025 is as follows:

Fund	Receivable	Payable
General	\$ 564,418	335,565
Airport	262,951	256
Debt service	3,950	331,036
Other governmental	1,960,935	662,139
Electric	95,728	426,662
Water and sewer	496,634	259,426
Delaware Springs Golf Course	1,593,000	2,962,532
	\$ 4,977,616	4,977,616

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

G. Interfund Transfers

The composition of interfund transfers for the year ended September 30, 2025 is as follows:

	Transfer out:						Total
	General	Airport	Nonmajor Governmental	Electric	Water and Sewer	Delaware Springs Golf Course	
Transfer in:							
General	\$ -	137,931	57,408	2,356,767	897,703	307,694	3,757,503
Airport		-	14,236				14,236
General capital projects	5,666,293	-	-	-	-	-	5,666,293
Nonmajor governmental	641,542	121,310	-	42,038	50,290	83,148	938,328
Electric	-	-	48,205	-	-	-	48,205
Water and Sewer	-	-	-	-	190,000	-	190,000
Delaware Springs Golf Course	257,694	-	-	-	-	154,223	411,917
	\$ 6,565,529	259,241	119,849	2,398,805	1,137,993	545,065	11,026,482

City of Burnet, Texas

Notes to Financial Statements (Continued)

III. Detailed Notes On All Activities and Funds (continued)

G. Interfund Transfers (continued)

During the year, transfers are used to (1) move revenues from the fund with collection authorization to the debt service fund as debt service principal and interest payments become due, and (2) move proprietary fund resources to the general fund for payments in lieu of taxes, administrative allocations, and a return on the general fund's investment in the electric fund.

H. Employee Benefits

Pension Plan

Plan Description - The City participates as one of 938 plans in the defined benefit cash-balance pension plan administered by the Texas Municipal Retirement System ("TMRS"). TMRS is a statewide public retirement plan created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the "TMRS Act") as an agent multiple-employer retirement system for employees of Texas participating cities. The TMRS Act places the general administration and management of TMRS with a six-member, Governor-appointed Board of Trustees; however, TMRS is not fiscally dependent on the State of Texas. TMRS issues a publicly available Annual Comprehensive Financial Report ("ACFR") that can be obtained at tmrs.com.

All eligible employees of the City are required to participate in TMRS.

Benefits Provided – TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the member's benefit is calculated based on the sum of the member's contributions, with interest, and the City-financed monetary credits with interest. The retiring member may select one of seven monthly benefit payment options. Members may also choose to receive a portion of their benefit as a lump sum distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the total member contributions and interest.

City of Burnet, Texas

Notes to Financial Statements
(Continued)

III. Detailed Notes On All Activities and Funds (continued)

H. Employee Benefits (continued)

Pension Plan (continued)

Employees Covered by Benefit Terms – At the December 31, 2024 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	86
Inactive employees entitled to but not yet receiving benefits	131
Active employees	<u>137</u>
	<u>354</u>

Contributions – Member contribution rates in TMRS are either 5%, 6%, or 7% of the member’s total compensation, and the City matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The City’s contribution rate is based on the liabilities created from the benefit plan options selected by the City and any changes in benefits or actual experience over time.

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rate for the City was 12.83% and 12.52% in calendar years 2025 and 2024, respectively. The City’s contributions to TMRS for the year ended September 30, 2025 were \$1,333,439, and were equal to the required contributions.

Net Pension Liability – The City’s net pension liability was measured as of December 31, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial assumptions – The total pension liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Overall payroll growth	2.75% per year, adjusted down for population declines, if any
Investment rate of return	6.75%, net of pension plan investment expense, including inflation

City of Burnet, Texas

Notes to Financial Statements (Continued)

III. Detailed Notes On All Activities and Funds (continued)

H. Employee Benefits (continued)

Pension Plan (continued)

Salary increases are based on a service-related table. Mortality rates for active members are based on the PUB(10) mortality tables with 110% of the Public Safety table used for males and 100% of the General Employee table used for females. Mortality rates for healthy retirees and beneficiaries are based on the gender-distinct 2019 Municipal Retirees of Texas mortality tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates for actives, healthy retirees and beneficiaries are projected on a fully generational basis by Scale MP-2021 to account for future mortality improvements. For disabled annuitants, the same mortality tables for healthy retirees are used with a 4-year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and a 3.0% minimum mortality rate is applied, for males and females respectively, to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by Scale MP-021 to account for future mortality improvements subject to the 3% floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2018 to December 31, 2022. The assumptions were adopted in 2023 and first used in the December 31, 2023 actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rate (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income to satisfy the short-term and long-term funding needs of TMRS.

City of Burnet, Texas

Notes to Financial Statements
(Continued)

III. Detailed Notes On All Activities and Funds (continued)

H. Employee Benefits (continued)

Pension Plan (continued)

The long-term expected rate of return on pension plan investments was determined by best estimate ranges of expected returns for each major asset class. The long-term expected rate of return is determined by weighting the expected return for each major asset class by the respective target asset allocation percentage. The target allocation and best estimates of the expected return for each major asset class in fiscal year 2025 are summarized in the following table:

	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Global Equity	35%	7.1%
Core Fixed Income	6%	5.0%
Non-Core Fixed Income	6%	6.8%
Hedge Funds	5%	6.4%
Private Equity	13%	8.5%
Private Debt	13%	8.2%
Real Estate	12%	6.7%
Infrastructure	6%	6.0%
Other Private Markets	4%	7.3%
Total	100%	

Discount Rate – The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that the member and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Pension Expense and Deferred Outflows of Resources
and Deferred Inflows of Resources Related to Pensions*

For the year ended September 30, 2025, the City recognized pension expense of \$1,116,480. At September 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Contributions subsequent to the measurement date	\$ 1,031,781	-
Differences between expected and actual experience	81,195	100,738
Change in assumptions	-	98,225
Difference between projected and actual investment earnings, net	<u>-</u>	<u>369,362</u>
	<u>\$ 1,112,976</u>	<u>568,325</u>

The \$1,031,781 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2026. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Measurement Year Ended December 31,</u>	
2025	\$ (31,696)
2026	252,209
2027	(483,298)
2028	<u>(224,345)</u>
Total	<u>\$ (487,130)</u>

City of Burnet, Texas

Notes to Financial Statements

H. Employee Benefits (continued)

OPEB – Life Insurance

Plan Description – The City also participates in a defined benefit group term life insurance plan administered by TMRS known as the Supplemental Death Benefits Fund (“SDBF”). The City elected, by ordinance, to provide group term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1. As the TMRS SDBF covers both active and retired members, with no assets accumulated in a trust, the SDBF does not meet the definition of a trust under paragraph 4 of Governmental Accounting Standards Board (“GASB”) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions* (i.e. no assets are accumulated for OPEB). As such, the SDBF is considered to be a single-employer unfunded OPEB plan with benefit payments treated as being equal to the City’s yearly contributions for retirees.

Benefits Provided – The death benefit for active employees provides a lump-sum payment approximately equal to the employee’s annual salary (calculated based on the employee’s actual earnings, for the 12-month period preceding the month of death). The death benefit for retirees is a fixed amount of \$7,500.

Employees Covered by Benefit Terms – At the December 31, 2024 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	69
Inactive employees entitled to but not yet receiving benefits	13
Active employees	<u>137</u>
	<u>219</u>

Contributions – The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees’ entire careers.

The City’s contributions to the SDBF for the year ended September 30, 2025 were \$25,806, which equaled the required contributions for the year.

H. Employee Benefits (continued)

OPEB – Life Insurance (continued)

Total OPEB Liability – Life Insurance: The City’s total OPEB liability – life insurance was measured as of December 31, 2024, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions: The total OPEB liability – life insurance in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Salary increases	3.60% to 11.85% per year, including inflation
Discount rate	4.08% (based on the Bond Buyer "20-bond GO Index" rate closest to, but not later than December 31, 2024)
Administrative expenses	All administrative expenses are paid through the TMRS Pension Trust
Mortality rates - service retirees	2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).
Mortality rates - disabled retirees	2019 Municipal Retirees of Texas Mortality Tables with a 4 year set-forward for males and a 3 year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements subject to the floor.

The actuarial assumptions used in the December 31, 2024 valuation were based on the results of an actuarial experience study for the period ending December 31, 2022.

City of Burnet, Texas
Notes to Financial Statements

III. Detailed Notes On All Activities and Funds (continued)

H. Employee Benefits (continued)

OPEB – Life Insurance (continued)

The changes in the total OPEB liability – life insurance for the measurement period ending December 31, 2024 were as follows:

	Total OPEB Liability - Life Insurance
Balance at December 31, 2023	\$ <u>336,275</u>
Changes for the year:	
Service cost	13,382
Interest	12,750
Differences between expected and actual experience	(2,012)
Changes in assumptions or other inputs	(18,269)
Benefit payments **	<u>(9,558)</u>
Net changes	<u>(3,707)</u>
Balance at December 31, 2024	\$ <u><u>332,568</u></u>

** For the SDBF, no assets are accumulated in a trust.

Due to the SDBF being considered an unfunded OPEB plan under GASB 75, benefit payments are treated as being equal to the employer's yearly contribution for retirees.

Sensitivity of the Total OPEB Liability – Life Insurance to Changes in the Discount Rate
– The following presents the total OPEB liability – life insurance of the City, calculated using the discount rate of 4.08%, as well as what the City's total OPEB liability – life insurance would be if it were calculated using a discount rate that is one percentage point lower (3.08%) or one percentage point higher (5.08%) than the current rate.

	1% Decrease (3.08%)	Current Discount Rate Assumption (4.08%)	1% Increase (5.08%)
Total OPEB liability - life insurance	\$ <u>397,226</u>	<u>332,568</u>	<u>282,294</u>

*OPEB Expense – Life Insurance and Deferred Outflows of Resources
and Deferred Inflows of Resources Related to OPEB – Life Insurance*

For the year ended September 30, 2025, the City recognized OPEB expense – life insurance of \$11,291.

At September 30, 2025, the City reported deferred outflows of resources related to OPEB – life insurance from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Contributions subsequent to the measurement date	\$ 8,846	-
Differences between expected and actual experience	-	9,735
Change in assumptions	-	61,488
	<u>\$ 8,846</u>	<u>71,223</u>

The \$8,846 reported as deferred outflows of resources related to OPEB – life insurance resulting from contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability – life insurance for the year ending September 30, 2026. Other amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense – life insurance as follows:

<u>Measurement Year Ended December 31,</u>	
2025	\$ (22,190)
2026	(33,189)
2027	(12,077)
2028	(2,411)
2029	<u>(1,356)</u>
Total	<u>\$ (71,223)</u>

OPEB – Health Insurance

Plan Description and Plan Participants – The City elected, by ordinance, to offer continuation of health and dental insurance to those regular employees who were hired prior to January 1, 2010 that retire from the City under TMRS with at least 20 years of service, with the last 10 years of service being with the City (“Eligible Retiree”). As this plan covers both active and retired members, with no assets accumulated in a trust, the plan does not meet the definition of a trust under paragraph 4 of GASB Statement No. 75 (i.e. no assets are accumulated for OPEB – health insurance). As such, this plan is considered to be a single-employer unfunded OPEB plan with benefit payments adjusted for the implicit subsidy, as more fully described below.

An actuarial valuation to determine the total OPEB liability is required to be performed at least every two years. If the actuarial valuation used to determine the total OPEB liability is not calculated as of the measurement date, the total OPEB liability is required to be rolled forward from the actuarial valuation date to the measurement date. The total OPEB liability is based on an actuarial valuation performed as of December 31, 2023, rolled forward to December 31, 2024.

Normal Retirement Benefits

Health Care Benefit Eligibility Conditions - City employees hired prior to January 1, 2010 must have been continuously employed with the City prior to retirement, with no break in service after January 1, 2010, to be eligible for continuation of health and dental insurance benefits. City employees hired on or after January 1, 2010 are not eligible for any continued health insurance after retirement.

Health Care Benefits Provided by Plan - For Eligible Retirees, such continued health and dental insurance is comparable to that which is provided for regular employees.

Deferred Retirement Benefits

Eligibility for participation in the City’s group insurance plan will pause if the Eligible Retiree becomes eligible for their current employer’s group health and/or dental insurance plan. The Eligible Retiree is required to notify the City of medical and/or dental insurance benefits provided by their current employer’s group insurance to the City’s human resources department in writing within 30 days of eligibility for such plan.

City of Burnet, Texas

Notes to Financial Statements (Continued)

III. Detailed Notes On All Activities and Funds (continued)

H. Employee Benefits (continued)

OPEB – Health Insurance (continued)

Once eligible, the Eligible Retiree must enroll in their current employer's group health and/or dental insurance plan and may not decline coverage. In the event the Eligible Retiree ceases to be eligible for another employer's group health and/or dental insurance plan, the Eligible Retiree may return to the City's plan as a qualifying event. An Eligible Retiree who is enrolled in their current employer's group health and/or dental insurance plan which requires the Eligible Retiree to pay a portion of the premium shall be eligible to receive reimbursement for such costs up to twenty-five percent (25%) of the amount of premium paid by the City for an active regular employee.

If the Eligible Retiree fails to disclose eligibility for medical and/or dental insurance benefits provided by their current employer's group plan, the Eligible Retiree's eligibility and enrollment shall be terminated immediately and the retiree will no longer be an Eligible Retiree for the purposes of this plan.

Disability Retirement Benefits

To be eligible for continuation of health care benefits, disability retirements must meet the health care benefit eligibility conditions above for normal retirement benefits.

Death-in-service Retirement Benefits

The City does not provide death-in-service benefits to a surviving spouse of an employee.

Medicare Eligible Provisions

For Eligible Retirees eligible for Medicare, the City will substitute coverage with a Medicare insurance policy. The City will reimburse Eligible Retirees on Medicare for Parts A and B, plus any additional costs for Medicare Supplement or Medigap plans, up to the amount of premium paid for an active employee. Eligible Retirees may have the option of declining City provided health and/or dental insurance and being reimbursed for health and/or dental coverage other than what the City provides up to the amount of premium paid for an active regular employee. It is strictly the Eligible Retirees responsibility to contact the City with any changes in coverage. If an Eligible Retiree chooses reimbursement, proof of coverage must be certified annually.

City of Burnet, Texas

Notes to Financial Statements

III. Detailed Notes On All Activities and Funds (continued)

H. Employee Benefits (continued)

OPEB – Health Insurance (continued)

If an Eligible Retiree fails to disclose eligibility for medical and/or dental insurance benefits provided by their current employer’s group plan, the Eligible Retiree’s eligibility and enrollment shall be terminated immediately and the retiree will no longer be an Eligible Retiree for the purposes of this plan

Vision and Dental Coverage

Retirees are not eligible for vision coverage. For Eligible Retirees, such continued dental insurance is comparable to that which is provided for regular employees. Dental coverage extends past the age of 65.

Membership – At the December 31, 2024 measurement date, the following employees were covered by the benefit terms:

Retirees and beneficiaries	28
Active members	<u>10</u>
	<u>38</u>

Contributions – The City’s health plan utilizes a “blended premium” structure, which provides that overall health care premiums for active employees and non-Medicare retirees are stated in terms of a single “blended premium”. The difference between the underlying retiree claims and the blended overall health care premium is referred to as an “implicit subsidiary” as defined in GASB 75. Under GASB 75, a portion of the payments made on behalf of the active employees should be reclassified as benefit payments for retiree health care to reflect the retirees’ underlying claims costs.

Total OPEB Liability – Health Insurance: The City’s total OPEB liability – health insurance was determined by an actuarial valuation as of December 31, 2023, rolled forward to December 31, 2024.

City of Burnet, Texas

Notes to Financial Statements

III. Detailed Notes On All Activities and Funds (continued)

H. Employee Benefits (continued)

OPEB – Health Insurance (continued)

Actuarial Assumptions: The total OPEB liability – health insurance was measured as of the December 31, 2023 actuarial valuation and rolled forward to December 31, 2024, and was determined using the following actuarial assumptions:

Valuation Date	December 31, 2023
Actuarial Cost Method	Individual Entry-Age Normal
Discount rate	4.08% as of December 31, 2024
Inflation	2.50% per year
Salary increases	3.60% to 11.85% per year, including inflation
Demographic assumptions	Based on the 2023 experience study conducted for the Texas Municipal Retirement System (TMRS).
Mortality	For healthy retirees, the gender-distinct 2019 Municipal Retirees of Texas mortality tables are used, with male rates multiplied by 103% and female rates multiplied by 105%. The rates are projected on a fully generational basis using the ultimate mortality improvement rates in the MP-2021 table to account for future mortality improvements.
Health care trend rates	Pre-65: Initial rate of 7.20% declining to an ultimate rate of 4.25% after 15 years; Post-65: Initial rate of 5.10% declining to an ultimate rate of 4.25% after 9 years.
Participation rates	It was assumed that 95% of eligible retirees would choose to receive retiree health care benefits through the City. Additionally, 50% of future retirees that retire prior to age 55 were assumed to have health care coverage available to them through a separate employer. All pre-65 retirees that have health care coverage available to them through a separate employer were assumed to rejoin the City’s retiree health plan at age 65.
Other information	The discount rate changed from 3.77% as of December 31, 2023 to 4.08% as of December 31, 2024.

OPEB – Health Insurance (continued)

The changes in the total OPEB liability – health insurance for the measurement period ending December 31, 2024 were as follows:

	<u>Total OPEB Liability - Health Insurance</u>
Balance at December 31, 2023	\$ <u>4,965,120</u>
Changes for the year:	
Service cost	67,271
Interest	185,536
Differences between expected and actual experience	(7,605)
Changes in assumptions or other inputs	(220,097)
Benefit payments **	<u>(154,760)</u>
Net changes	<u>(129,655)</u>
Balance at December 31, 2024	\$ <u><u>4,835,465</u></u>

** No assets are accumulated in a trust for the retiree health insurance plan. Due to the plan being considered an unfunded OPEB plan under GASB 75, benefit payments are treated as being equal to the City's explicit benefit payments, with an adjustment for the implicit benefit payments for retirees.

Total OPEB liabilities recognized for health and life insurance amounted to \$5,168,033 as of September 30, 2025

Sensitivity of the Total OPEB Liability – Health Insurance to Changes in the Discount Rate – The following presents the total OPEB liability – health insurance of the City, calculated using the discount rate of 4.08%, as well as what the City's total OPEB liability – health insurance would be if it were calculated using a discount rate that is one percentage point lower (3.08%) or one percentage point higher (5.08%) than the current rate.

	1% Decrease (3.08%)	Current Discount Rate Assumption (4.08%)	1% Increase (5.08%)
Total OPEB liability - health insurance	\$ <u>5,603,347</u>	<u>4,835,465</u>	<u>4,217,497</u>

OPEB – Health Insurance (continued)

The \$125,726 reported as deferred outflows of resources related to OPEB – health insurance resulting from contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability – health insurance for the year ending September 30, 2026. Other amounts reported as deferred outflows of resources related to pensions will be recognized in OPEB expense – health insurance as follows:

<u>Measurement Year Ended December 31,</u>	
2025	\$ <u>(75,779)</u>
Total	\$ <u><u>(75,779)</u></u>

I. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other governments in Texas to form the Texas Municipal League Intergovernmental Risk Pool, a public entity risk pool currently operating as a common risk management and insurance program for liability, property and workmen’s compensation coverage. The City pays a quarterly contribution to the pool for its insurance coverage. The agreement for formation of the Texas Municipal League Intergovernmental Risk Pool provides that the Pool will be self-sustaining through member contributions and will reinsure through commercial companies for claims in excess of specific limits.

The Texas Municipal League Intergovernmental Risk Pool has published its own financial report, which can be obtained by writing the Texas Municipal League Intergovernmental Risk Pool, 1821 Rutherford Lane, Austin, Texas 78754.

J. Deferred Outflows and Inflows of Resources

The statements of financial position, and the balance sheet includes the following deferred outflows/inflows of resources at September 30, 2025:

	Statement of Net Position		Balance Sheet		
	Governmental Activities	Business-Type Activities -	General Fund	Airport Fund	Debt Service Fund
Deferred outflows of resources:					
OPEB - life insurance	\$ 8,846	-	-	-	-
OPEB - health insurance	91,641	34,085	-	-	-
Total OPEB related	<u>100,487</u>	<u>34,085</u>	<u>-</u>	<u>-</u>	<u>-</u>
Pension related	811,241	301,735	-	-	-
	<u>\$ 911,728</u>	<u>335,820</u>	<u>-</u>	<u>-</u>	<u>-</u>
Deferred inflows of resources:					
OPEB - life insurance	\$ 71,223	-	-	-	-
OPEB - health insurance	55,235	20,544	-	-	-
Total OPEB related	126,458	20,544	-	-	-
Pension related	414,250	154,075	-	-	-
Unavailable property tax revenue	-	-	133,523	-	32,057
Unavailable lease revenue	235,525	-	-	235,525	-
	<u>\$ 776,233</u>	<u>174,619</u>	<u>133,523</u>	<u>235,525</u>	<u>32,057</u>

Deferred Outflows of Resources. Post-measurement date contributions will be recognized as a reduction of the net pension liability/total OPEB liabilities in the following fiscal year. The net differences between projected and actual earnings, change in assumptions, and difference between expected and actual actuarial experience will be amortized into pension/OPEB expense.

Deferred Inflows of Resources. The governmental funds, under the modified accrual basis of accounting, report unavailable revenues from property taxes, which is deferred and recognized as an inflow of resources in the period that the amounts become available. The net differences between projected and actual earnings, change in assumptions, and difference between expected and actual actuarial experience will be amortized into pension/OPEB expense.

City of Burnet, Texas

Notes to Financial Statements (Continued)

III. Detailed Notes On All Activities and Funds (continued)

K. Short-term Leases

The City leases building space and airport hangers to various individuals and organizations under short-term lease agreements. For the year ended September 30, 2025, the City recognized lease income of \$241,993 under these short-term lease agreements.

L. Commitments and Contingencies

Amounts received or receivable from granting agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

The City has contracted with a private company for the collection and disposal of solid waste. The contract's initial five-year term expired October 2021. Thereafter, the contract is renewed for additional terms of five years if mutually agreed by the parties. The fees charged under the contract are adjusted annually to reflect changes in the cost of operations. The City's cost under the agreement for the year ended September 30, 2025, was \$1,005,466.

The City has entered into a long-term agreement to purchase wholesale electric power from the Lower Colorado River Authority effective June 2011. The cost of electric power is based on the reasonable and necessary cost of providing power generation in accordance with Article 8503.011 of the Texas Special District Local Laws Code. The City's cost under the agreement for the year ended September 30, 2025, was \$6,063,023.

Also, the City has entered into a long-term agreement to purchase water from the Lower Colorado River Authority (the "Authority") effective January 1985. The agreement allows the City the right to withdraw up to 4,100 acre-feet of raw water from the Colorado River. The cost of the water is adjusted each year as determined by the Board of Directors of the Authority. The City's cost under the agreement for the year ended September 30, 2025, was \$112,676.

The City is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate outcome of these claims will not have a material adverse effect on the City's financial position.

City of Burnet, Texas

Notes to Financial Statements (Continued)

III. Detailed Notes On All Activities and Funds (continued)

M. Tax Abatements

The City of Burnet negotiates property tax abatements on an individual basis. All abatements are governed by Section 312 of the Texas Tax Code and the City of Burnet Economic Incentives Statement which are revised and adopted every two years in accordance with state law. These guidelines permit the City to abate property taxes for a variety of economic development purposes such as business relocation, retention, and expansion and include abatements for real and personal property improvements.

The City of Burnet had not granted any tax abatements as of September 30, 2025.

N. Adoption of Accounting Pronouncement

Effective October 1, 2024, the City adopted the provisions of Governmental Accounting Standards Board (“GASB”) Statement No. 101, *Compensated Absences*. GASB 101 establishes recognition and disclosure requirements for leave for which employees may receive cash payments when leave is used for time off or upon termination, or that may be settled through non-cash payment. The adoption of this accounting pronouncement did not have a material impact on beginning net position for governmental activities, business-type activities, and the proprietary funds.

O. Subsequent Event

Subsequent to year end, the City issued a Golf Course Revenue Bond, Series 2025 in the amount of \$500,000 to be used for golf course improvements.

P. Authoritative Pronouncement Not Yet Effective

A summary of pronouncements issued by the Governmental Accounting Standards Board, which may impact the City but are not yet effective follows. The City has not yet determined the effects of the adoption of these pronouncements on the financial statements.

GASB Statement No. 103, *Financial Reporting Model Improvements* (issued April 2024) – the objective of this statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government’s accountability. This statement also addresses certain application issues. The requirements of this statement are effective for the City’s financial statements beginning October 1, 2025.

City of Burnet, Texas

Notes to Financial Statements
(Continued)

III. Detailed Notes On All Activities and Funds (continued)

P. Authoritative Pronouncement Not Yet Effective (continued)

GASB Statement No. 104, *Disclosure of Certain Capital Assets* (issued September 2024) – the objective of this statement is to provide users of government financial statements with essential information about certain types of capital assets. This statement requires certain types of capital assets be disclosed separately in the capital assets note disclosures required by GASB Statement No. 34, *Basic Financial Statements – and Management Discussion and Analysis – for State and Local Governments*. The requirements of this statement are effective for financial statements for the City’s financial statements beginning October 1, 2025.

Notes to Schedule of Contributions

Valuation Date: December 31, 2024

Notes Actuarially determined contribution rates are calculated as of December 31 and become effective in January, 13 months later

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of payroll, Closed
Remaining Amortization Period	21 years (longest amortization ladder)
Asset Valuation Method	10 year smoothed fair value, 12% soft corridor
Inflation	2.50%
Salary Increases	3.60% to 11.85%, including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that vary by age. Last updated for the 2023 valuation pursuant to an experience study of the period ending 2022.
Mortality	Post-retirement: 2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence). Pre-retirement: PUB(10) mortality tables, with the 110% of the Public Safety table used for males and the 100% of the General Employee table used for females. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).

Other Information:

Notes There were no benefit changes during the year.

See accompanying independent auditor's report.

Notes to Schedule of OPEB - Life Insurance Contributions

Valuation Date: December 31, 2024

Notes Actuarially determined contribution rates are calculated as of December 31 and become effective in January, 13 months later

Methods and Assumptions Used to Determine Contribution Rates:

Inflation	2.50%
Salary Increases	3.60% to 11.85%, including inflation
Discount rate*	4.08%
Retirees' share of benefit-related costs	\$0
Administrative expenses	All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements under GASB No. 68.
Mortality rates - service retirees	2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).
Mortality rates - disabled retirees	2019 Municipal Retirees of Texas Mortality Tables with a 4 year setforward for males and a 3 year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements subject to the floor.

Other Information:

*The discount rate was based on the Bond Buyer "20-Bond GO Index" rate closest to, but not later than December 31, 2024.

The actuarial assumptions used in the December 31, 2024 valuation were based on the results of an actuarial experience study for the period ending December 31, 2022.

Note: The City adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions* effective October 1, 2017. Information for years prior to 2018 is not available.

See accompanying independent auditor's report.

City of Burnet, Texas
Schedule of Changes in Total OPEB Liability –
Health Insurance and Related Ratios

(continued)

Valuation Date:	December 31, 2023, rolled forward to December 31, 2024
Methods and Assumptions:	
Actuarial Cost Method	Individual Entry-Age Normal
Discount Rate	4.08% as of December 31, 2024
Inflation	2.50%
Salary Increases	3.60% to 11.85%, including inflation
Demographic Assumptions	Based on the 2023 experience study conducted for the Texas Municipal Retirement System (TMRS).
Mortality	For healthy retirees, the gender-distinct 2019 Municipal Retirees of Texas mortality tables are used, with male rates multiplied by 103% and female rates multiplied by 105%. The rates are projected on a fully generational basis using the ultimate mortality improvement rates in the MP-2021 table to account for future mortality improvements.
Health Care Trend Rates	Pre-65: Initial rate of 7.20% declining to an ultimate rate of 4.25% after 15 years; Post-65: Initial rate of 5.10% declining to an ultimate rate of 4.25% after 9 years.
Participation Rates	It was assumed that 95% of eligible retirees would choose to receive retiree health care benefits through the City. Additionally, 50% of future retirees that retire prior to age 55 were assumed to have health care coverage available to them through a separate employer. All pre-65 retirees that have health care coverage available to them through a separate employer were assumed to rejoin the City's retiree health plan at age 65.
Other Information:	
Notes	The discount rate changed from 3.77% as of December 31, 2023 to 4.08% as of December 31, 2024.

See accompanying independent auditor's report.

City of Burnet, Texas
Hotel/Motel Tax and Debt Service Funds
Note to Schedules of Revenues, Expenditures and
Changes in Fund Balance – Budget and Actual –
Budgetary Basis

Year Ended September 30, 2025

1. Budgetary Information

Annual budgets are legally adopted for the following funds (under the City’s budgetary fund structure): the general fund, the airport fund, the hotel/motel tax fund, and the debt service fund. Capital projects funds are generally planned on both a project-length basis and an annual basis. Also, operating plans are developed for the electric fund, water and sewer fund and the Delaware Springs Golf Course fund.

The appropriated budget is prepared by fund, department and object. The City Manager is authorized to transfer budgeted amounts within departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level.

Encumbrance accounting is employed in the governmental funds. Encumbrances (e.g. purchase orders, contracts) outstanding at year-end do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored in the subsequent year.

The City prepares its appropriated budgets on a budgetary basis structure which differs from that used for financial reporting in accordance with generally accepted accounting principles (“GAAP”). The budget and all transactions of the hotel/motel tax and debt service funds are presented in accordance with the City’s budgetary basis structure to provide a meaningful comparison of actual results with the budget. The major difference between the budgetary basis and the GAAP basis is that the budgetary basis uses a fund structure which is used in the City’s legally adopted budget (rather than the fund structure used in their financial statements) which results in certain activities reported on a GAAP basis which are not included on a budgetary basis. Also, all leases are considered to be short-term leases. There were no adjustments necessary for the hotel/motel tax and debt service funds to convert the net change in fund balance on the budgetary basis to a GAAP basis.

Statistical Section

Statistical Section

This part of the City of Burnet's Annual Comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents

Financial Trends (Tables 1 – 4)

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity (Tables 5 – 9)

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

Debt Capacity (Tables 10 – 17)

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information (Tables 18 – 19)

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information (Tables 20 – 22)

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive financial reports for the relevant year.

(1) Overlapping rates and levies are those of local and county governments that apply to property owners within the City of Burnet. Not all overlapping rates and levies apply to all City of Burnet property owners (e.g., the rates for special districts apply only to the proportion of the City's property owners whose property is located within the geographic boundaries of the special district).

Source: City of Burnet, MAC of Texas Report

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Burnet. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) Excluding general obligation bonds reported in the enterprise funds.

City of Burnet, Texas
Computation of Maximum Debt Margin
(Unaudited)
September 30, 2025

The City of Burnet has no legal debt limit established by its charter or ordinances. Article XI, Section 5, of the Texas Constitution is applicable to the City and limits the maximum ad valorem tax rate to \$2.50 per \$100 Assessed Valuation (for all City purposes). The City operates under a Home Rule Charter that does not limit its ad valorem tax rate. Administratively, the Attorney General of the State of Texas will permit allocation of \$1.50 of the maximum tax rate for general obligation debt service.

Assessed value, fiscal year 2025 tax roll	\$ 978,258,957
Limit on amount designated for debt service	<u>1.50%</u>
