Find a network provider and make an appointment.

Choose from a broad range of in-network providers by using the provider search tool at <https://portal.swhp.org/#/search>. It's usually a good idea to set up an appointment with your provider to get acquainted, at your convenience. With our provider search tool, you can:

- Search by name and/or specialty
- Determine providers' distance from your ZIP code

In our HMO network, members can visit any network provider without first going to a PCP for a referral. This model is called "open access."
